417 CHEMICAL USE AND ABUSE

I. PURPOSE

The school board recognizes that chemical use and abuse constitutes a grave threat to the physical and mental well-being of students and employees and significantly impedes the learning process. Chemical use and abuse also creates significant problems for society in general. The school board believes that the public school has a role in education, intervention, prevention and aftercare support of chemical use and abuse. The purpose of this policy is to assist the school district in its goal to prevent chemical use and abuse by providing policies for education, prevention, intervention and aftercare support.

II. GENERAL STATEMENT OF POLICY

- A. Use of controlled substances, medical cannabis, toxic substances, and alcohol is prohibited in the school setting in accordance with school district policies with respect to a Drug-Free Workplace/Drug-Free School.
- B. The policy of this school district is to provide an instructional program in every elementary and secondary school in chemical abuse and the prevention of chemical dependency.
- C. The school district shall establish and maintain in every school a chemical abuse pre-assessment team. The team is responsible for addressing reports of chemical abuse problems and making recommendations for appropriate responses to the individual reported cases.
- D. The superintendent, with the advice of the school board, shall be responsible for establishing a school and community advisory team to address chemical abuse problems in the district.
- E. The school district shall establish and maintain a program to educate and assist employees, students and others in understanding this policy and the goals of achieving drug-free schools and workplaces.

III. DEFINITIONS

- A. "Chemical abuse" means use of any psychoactive or mood-altering chemical substance, without compelling medical reason, in a manner that induces mental, emotional, or physical impairment and causes socially dysfunctional or socially disordering behavior, to the extent that the student's normal function in academic, school, or social activities is chronically impaired.

- B. “Chemicals” includes, but is not limited to, alcohol, over the counter drugs and /or agent to alter moods, toxic substances, medical cannabis, and controlled substances as defined in the school district’s Drug-Free Workplace/Drug-Free School policy.
- C. “Use” includes to sell, buy, manufacture, distribute, dispense, use, or be under the influence of alcohol and/or controlled substances, whether or not for the purpose of receiving remuneration.
- D. “School location” includes any school building or on any school premises; on any school-owned vehicle or in any other school-approved vehicle used to transport students to and from school or school activities; off-school property at any school-sponsored or school-approved activity, event, or function, such as a field trip or athletic event, where students are under the jurisdiction of the school district; or during any period of time such employee is supervising students on behalf of the school district or otherwise engaged in school district business.

IV. STUDENTS

A. Instruction

- 1. Every school shall provide an instructional program in chemical abuse and the prevention of chemical dependency. The school district may involve parents, students, health care professionals, state department staff, and members of the community in developing the curriculum.
- 2. Each school shall have age-appropriate and developmentally based activities that:
 - a. address the consequences of violence and the illegal use of drugs, as appropriate;
 - b. promote a sense of individual responsibility;
 - c. teach students that most people do not illegally use drugs;
 - d. teach students to recognize social and peer pressure to use drugs illegally and the skills for resisting illegal drug use;
 - e. teach students about the dangers of emerging drugs;
 - f. engage students in the learning process; and
 - g. incorporate activities in secondary schools that reinforce prevention activities implemented in elementary schools.

3. Each school shall have activities that involve families, community agencies, and a variety of drug and violence prevention providers in setting clear expectations against violence and illegal use of drugs and appropriate consequences for violence and illegal use of drugs.
4. Each school shall disseminate drug and violence prevention information within the school and to the community.
5. Each school shall have professional development and training for, and involvement of, school personnel, student services personnel, parents, and interested community members in prevention, education, early identification and intervention, mentoring, or treatment and care options and after care support as related to drug and violence prevention.
6. Each school shall have drug and violence prevention activities that may include the following:
 - a. Community-wide planning and organizing activities to reduce violence and illegal drug use, which may include gang activity prevention.
 - b. The hiring and mandatory training, based on scientific research, of school security personnel who interact with students in support of youth drug and violence prevention activities under this policy that are implemented in the school.
 - c. Conflict resolution programs, including peer mediation programs that educate and train peer mediators and a designated faculty supervisor, and youth anti-crime and anti-drug councils and activities.
 - d. Counseling, mentoring, referral services, and other student assistance practices and programs, including assistance provided by qualified school-based mental health services providers and the training of teachers by school-based mental health services providers in appropriate identification and intervention techniques for students at risk of violent behavior and illegal use of drugs.
 - e. Programs that encourage students to seek advice from, and to confide in, a trusted adult regarding concerns about violence and illegal drug use.

B. Reports of Chemical Use and Abuse

1. Each building will follow their designed procedure.
2. If a school district employee has reason to believe that a student is abusing, possessing, transferring, distributing, or selling chemicals:

- a. The employee shall notify the building administrator or a member of the preassessment team and shall describe the basis for the suspicion. The building administrator and/or team will determine what action should be taken. Action may include conducting an investigation, gathering data, scheduling a conference with the student or parents, or providing a meeting between a single member of the team and the student to discuss the behaviors that have been reported and attempting to ascertain facts regarding chemical abuse.
 - b. The team may determine that chemical use is not an issue. If the team determines there is chemical abuse, the team will select an appropriate course of action, which may include referral to an appropriate school resource; referral to a range of outside services/agencies; referral for screening, assessment, and treatment planning; participation in support groups; or other appropriate measures.
3. Students involved in the abuse, possession, transfer, distribution, or sale of chemicals shall be suspended in compliance with the student discipline policy and the Pupil Fair Dismissal Act, Minn. Stat. § 121A.40-121A.56, and proposed for expulsion.
 4. Searches by school district officials in connection with the abuse, possession, transfer, distribution, or sale of chemicals will be conducted in accordance with school board policies related to search and seizure.

C. Pre-assessment Team

1. Every school shall have a chemical abuse pre-assessment team designated by the superintendent and/or designee. The team will be composed of classroom teachers, administrators, and other appropriate professional staff to the extent they exist in each school, such as the school nurse, school counselor or psychologist, social worker, chemical abuse specialist, or others.
2. The team is responsible for addressing reports of chemical abuse problems and making recommendations for appropriate responses to the individual reported cases.
3. Within forty-five (45) days after receiving an individual's law enforcement report, the team shall make a determination whether to provide the student and, in the case of a minor, the student's parents with information about school and community services in connection with chemical abuse.

D. Data Practices

1. Student data may be disclosed without consent in health and safety emergencies pursuant to Minn. Stat. § 13.32 and applicable federal law and regulations.
2. Destruction of Records
 - a. If the pre-assessment team decides not to provide a student and, in the case of a minor, the student's parents with information about school or community services in connection with chemical abuse, records created or maintained by the team about the student shall be destroyed not later than six (6) months after the determination is made.
 - b. If the team decides to provide the student and, in the case of a minor or a dependent student, the student's parents with such information, records created or maintained by the team about the student shall be destroyed not later than six (6) months after the student is no longer enrolled in the district.
 - c. This section shall govern destruction of records notwithstanding provisions of the Records Management Act, Minn. Stat. § 138.163.

E. Consent

Any minor may give effective consent for medical, mental, and other health services to determine the presence of or to treat conditions associated with alcohol and other drug abuse, and the consent of no other person is required.

V. EMPLOYEES

- A. The superintendent or designee shall undertake and maintain a drug-free awareness and prevention program to inform employees, students, and others about:
 1. The dangers and health risks of chemical abuse in the workplace/school.
 2. The school district's drug-free workplace/drug-free school policy.
 3. Any available drug or alcohol counseling, treatment, rehabilitation, re-entry, and/or assistance programs available to employees and/or students.
 4. The penalties that may be imposed on employees for drug abuse violations.
- B. The superintendent or designee shall notify any federal granting agency required to be notified under the Drug-Free Workplace Act within ten (10) days after receiving notice of a conviction of an employee for a criminal drug statute

violation occurring in the workplace. To facilitate the giving of such notice, any employee aware of such a conviction shall report the same to the superintendent.
