

## **Bullying Tip Line**

The District strives to give its students the best academic experience and addresses their social and emotional needs.

A dedicated phone line has been established for your school so families and students can report **bullying incidents**. Students and families can contact school administrators about bullying issues confidentially with no fear of retaliation or embarrassment that they might feel talking in person.

Parents and students can leave a message regarding a bullying incident at 763.792.2996.

Note:

This phone line is not a replacement for emergency services and will be monitored weekdays, during regular school hours.

Talk with your child. They can do something to help if they witness (or experience) a bullying incident.

The phone line is an enhancement of the District's existing policies and procedures already in effect for anti-bullying efforts. The bullying prohibition policy #514 can be found [online](#).

If you have questions, please contact [Director Nick Christensen](#).
