

SYLLABUS
Centennial High School
2018-19

Course #: 6039	Teacher Name: C Blucker
Course Name: Basic US History 2	Room Number: 305 Phone #: 763-792 -5261
Semester 2	E-Mail: cblucker@isd12.org
Prerequisite: Case Manger Recommendation	Credit Earned: .5

Course Description: US History 2 is a required course for graduation. This course provides an overview of United States History from the events of early Great Depression to the current era. This is not a course that requires you to memorize a lot of dates, but one that challenges you to put the events of our history in context. This course emphasizes cause and effect and expects you to connect 20th century history with the history you are living today.

Course Objective:

Examine national and international conflicts
Analyze cultural and economic developments
Determine political implications of historical events
Identify the implications of geographical influences

Course Expectations: Centennial Student Handbook Pages: 29-31

Be ready to learn
Be respectful
Make the right choices
Do your assignments
Ask me for missing notes/assignments you need before the test
Participate in a positive way
Keep electronic devices off and away – including earbuds unless instructed by teacher

Attendance: Centennial Student Handbook Pages: 20-26

All students will follow Centennial High School's attendance policy

Behavior: Centennial Student Handbook Pages: 31-32

All students will treat others and their belongings with respect.
All students will be respectful of the classroom
All students are responsible for their actions (comply with the behavior policy; Centennial High School Student Code of Conduct)

Materials Needed: Please bring something to write with and on each day. A folder will be given to you to be kept in the classroom as part of the notebook checks.

Grading: Your grade will consist of assignments, tests, notebook checks, participation and projects.

Test Retakes: Because Centennial High School believes everyone has the ability to learn and grow, we've adopted a course reassessment procedure. The procedure provides students the opportunity to relearn and grow through remediation and reassessment. Retakes will be allowed on tests with the following criteria:

- All work from the unit/chapter must be completed and turned in
- The retake must be completed before the next unit/chapter test.

LEAP: provides all students the opportunity to receive academic support, complete missing work, and complete or retake assessments. All teachers have their schedules posted outside their doors.
